

# Ministries Council Minutes

Wednesday, September 5, 2018

**NEXT MEETING: October 3, 2018**

In Attendance: DCW, Carolyn, Ronnie, Diane, Cory, Kelley, Cory, Kathy, Alan, Eric

## Introduction:

Places we have seen Jesus in our life and ministry areas:

- DCW said the kid's testimony about camp on Education Sunday was really powerful
- LS says the other day at the soup kitchen, Lela designated her as hospitality and she met a person who remembered her from Sullivan's. She was touched by him remembering him. Kathy said it was important for him too. Kelley said that the fact that he opened up about the fact he was a customer showed a sense that Lydia would not JUDGE.
- Kelley said at her school, they were very involved in "Patriots Day", they sing patriotic songs and such. A new girl said I don't think we should be singing this song "Battle Hymn of the Republic" due to having "Hallelujah" in it, which brings in the holy spirit and we don't want it to come into all of us...KW had a great 10-minute theological conversation with an 8 year old. Very interesting! (looking forward to future conversations).
- In Sunday School all the middle school kids wanna talk about all the movies that are out. It is awesome that they are thinking about mythical characters, helps with looking at the bible stories. Decided they would illustrate on the wall all the connections.
- RB says he sees the Holy Spirit in his ordination paperwork, although often seen as drudgery it reminds him of the places that God is moving and here. One of the things that he is finding is that it lets him lift up individuals that are served and get out of the Client/Service Provider relationship. It was powerful that Veronica was dancing on that first parable sermon day to the postlude and she felt safe.
- EG told about his brother's wedding this last weekend and how it showed that LOVE IS LOVE IS LOVE.

## HEM

Eric explained the Hospitality Pulse (possibly the first of the Congregational Pulses)

"We direct the members of the congregation to write one (1) new idea of something NUMC can do to increase our Welcoming/Hospitality. Then we tell them that if they would like to be a part of the Welcoming, please print their names on the paper too and we will contact them about getting involved with HEM. We can collect the papers during the offering and then compile a list of new ideas from outside the committee. There may be a few candidates to join HEM and if not, at least everyone has heard of HEM and can think about it. We would explain the process in a Spotlight on Ministries at the beginning of each service."

Alan suggested communicating back to congregation - Possibly by Pastor doing

## UMW

- Selling Friendship Soup mix in Quart Mason Jars, makes a great gift. For sale the same Sundays as Cookie Project. They are \$10 each and will also be at the Sunday Supper, Craft Fair, and if available during Advent Festive.
- Sunday Supper is on November 9. It is \$10/person...\$30/household (not family). Will correspond with New Members being received. Garlic Chicken is entrée, plus sides, drinks, and desserts.

- Craft Fair is October 13<sup>th</sup>, 10AM-2PM. 20+ vendors coming, lots of new ones this year.

## Darren Report

### **Budget –**

The staff met last Tuesday regarding the 2019 budgeting process. There are several proposed adjustments to the expenses, however most of these adjustments do not affect program departments. The proposed adjustments to programs are:

- M&O – Reduce budgeted ministry supplies from \$2,200 down to \$1,600
- Children’s Programs – Adding a “scholarships” line item expense of \$5,000 to be used to offset the cost of camp
- All other program departments’ budgets remain unchanged

Non-program budget adjustments include:

- Office/Administration – Increases to telephone, technology and software support
- Building/Grounds – Decrease to outsourced personnel
- Increase in apportionments to bring us to within 75% of obligation
- Approx. 7-8 months of mortgage interest expense once capital campaign bank account is exhausted

### **Question and Problem to think about (From Darren):**

- Over this year I have had conversation with people who are "former members"
- Told why they left the church
- Common thread is they are not connected with other church members
- "Do I have any friends in the church?" - Crisis arose and there was no one in the church that I would consider a friend...
- Active, appeared connected, but were not
- Not a programmatic problem, not a small group problem.
- How do we create ties with one or two people that they can share with?
- Not any single area, not a staff problem.
- (not specifically an "Empty Nest" problem, although that is true.)
- Not a follow-up problem - following up with New Members rather well, have a process.
- Hard to see from leadership positions, because leaders have friends here
- NUMC things that make this more prevalent:
  - Commuter Church - people are not connecting in other places
  - Nature of our Worship works against us - High Worship with emphasis on Good Music
  - Come for vertical transcendent experience - not to make friends
- About a dozen family units DCW has talked to.
- Add it to mobile congregation...
- Need to think about Connectivity here at NUMC. What is the solution to this?
- Kelley says they just had this same conversation at her school, connecting outside to help them survive.
- Kelley said that some of these people may not want to be bothered...
- Lydia asked about if they have found another church? DCW says it is all over the map...
- KW says at school they say, "to get a friend, you have to be a friend."
